

FSC® Controlled Wood Risk Assessment Public Consultation

Taan Forest LP (Taan) is initiating public consultation of our FSC Controlled Wood Risk Assessment under the FSC-STD-40-005 Standard (FSC Trademark License: FSC® C104355).

The Risk Assessment is designed to ensure that Taan does not purchase logs or lumber from coastal BC from any of the following categories:

- a) Illegally harvested wood;
- b) Wood harvested in violation of traditional and civil rights;
- c) Wood harvested in forests where high conservation values are threatened by management activities;
- d) Wood harvested in forests being converted to plantations or non- forest use;
- e) Wood from forests in which genetically modified trees are planted.

Public Review & Comment

The review and comment period is open to the Public and First Nation communities from November 3, 2016 to December 15, 2016:
