

Harvesting – Full Phase Road & Stump to Dump Opportunity

Taan Forest Limited Partnership (Taan) is requesting harvesting contractors propose an all found rate for road construction by linear meter of road (\$/LM) and stump to dump harvesting delivered to Ferguson Dry Land Sort by m3 (\$/m3). Rates should include but not limited to:

- ROW Falling
- Sub Grade construction
- Culvert Installation
- Ballast hauling and spreading
- Block road maintenance
- Delivery of all merchantable logs
- Delivery of scheduled harvested monumental logs (If applicable)
- Brush piling
- Seasonal Deactivation
- Prime Contractor responsibilities
- Taan's Corporate Management System including crew training (CMS Level 1 and Supervisors training CMS Level 2)

Tree Crown Modification will not be the responsibility of the successful stump to dump contractor. Culverts will be supplied by Taan Forest, contractor will be responsible for delivery to site from Juskatla Taan will be responsible for rock development, contractor will haul rock from designated quarry. All wood will remain the property of Taan Forest and will be marketed at their discretion

Proposals must include:

- Cover letter with summary
- Ability to complete work (list of Equipment and previous experience)
- Commitment to hire local (people who live on Haida Gwaii) including number of people who will be working on this block.
- \$/Linear Metre for road construction (Row falling, Subgrade, culvert installs, ballasting)
- All found stump to dump rate \$/m3
- BC Forestry Safety Council Safe Company number
- Worksafe BC number
- References

In no specific order proposals will be rated on:

- Ownership of contract (Haida Owned and Local Haida Gwaii ownership take precedence)
- Past experience/ performance with Taan Forest
- Ability to hire local and number of local people employed with this work. Preference to Haida workers
- Ability to complete the work with available resources
- M3 rate
- Linear Metre construction rate – Mainline and spur roads
